

Attn: Kentucky Farmers

DOT to make all farm vehicles "Commercial"

- All drivers will need a CDL (Commercial Driver's License) even to drive your farm vehicles on your private property!
- Under-age family members and workers who don't drive on public roads will not be able to operate farm equipment.
- The feds can come onto your property at will to inspect.

Is this what farmers need?

Speak out:

**This Wed Nov. 30, 2011 @ 6pm
Central Bank, 550 W. Main, Richmond
in the Community Room**
